## The Winehouse & Kitchen is divided into 4 main areas

### The Front Room

Great for meetings with AV requirements, this room has a large Rimu boardroom table and leather chairs. French doors open onto a private paved courtyard.

### The Front Room & Den

The operable wall that separates these two rooms is removed to create a larger space. An open fire, leather couch and arm chairs create a perfect space for an intimate dinner with up to 20 guests.

### The Kitchen Restaurant

Based on a 1950's kitchen we have a fascinating collection of retro plates, cooking utensils and White's Aviation hand painted photographs displayed on the walls. Fabric blinds, banquette seating and a recessed nook add a homely feel to our Kitchen Restaurant.

### The Courtyard

The courtyard is our piece de resistance with its unobstructed panoramic views of the rugged hillsides. The courtyard has been designed for marquee use and has a large stone wall and open fire.
